About Me

I'm Emma, and I love to make stuff! I am an organized and enthusiastic designer with a strong eye for detail, fascination with digital media, and a love of learning new things. I'm well versed in front-end web design, digital art, and graphic design. I'm also great at sketching, taking notes, and visually communicating ideas. I pick up new software and skills very quickly and always look to challenge myself to grow as an artist.
